- Would access to some free fencing material make this possible?

Burnett Catchment Care Association, with funding assistance from the Burnett Mary Regional Group, has bulk-purchased fencing materials including quality steel pickets and plain and barb wire to assist in flood recovery of riparian areas within our catchment.

*Our aim is to help our members erect (or re-erect) over 30km of creek/river fencing!!!*

You must be a BCCA member to apply for the posts and wire and you will need to contribute your own labour, any additional fencing materials (such as strainer posts, stays, gates etc) and fencing equipment that you may need.
