

Pasture Recovery Workshop & Field Walk

Exploring challenges and opportunities created by this wet season

Has the recent wet season left you wondering how to:

- Help your pasture recover after recent flooding?
- Take advantage of current pasture growth?
- Manage pasture weeds?
- Improve pasture quality and quantity?
- Address soil erosion in paddocks, creeks and gullies?

Presentations by

John Day Our host, the manager at RM Williams ABLC, North Burnett Regional Council and soil conservation specialist

Damien O'Sullivan Senior Beef Extension Officer, Qld Dept of Agriculture, Fisheries and Forestry
