

The Leucaena Network 2 day intensive workshop

The Leucaena Network, together with DAFF, are hosting an intensive 2 day workshop designed to take out the guesswork, minimise mistakes and maximise your returns when establishing and managing Leucaena.

Receive in-depth information on:

- Paddock & soil selection; seedbed preparation; establishment; variety selection; row spacing and more
- Management for long term production including height control, best grazing practises, fertiliser requirements, and insect and rumen bug management.
- Economics of various strategies

July 9th and 10th at Kingaroy DAFF office.
Commencing at 9 a.m

\$400 +GST - includes lunch and smoko's both days
\$350 +GST – 2nd family/business member
