Please note that applications for membership are subjected to approval by BCCA Management Committee

ABOUT BCCA

BCCA is a member-based, not-for-profit organisation, employing professional staff to develop and implement natural resource management projects across the Burnett Catchment.

We work directly with landholders to support sustainable land management practices.

We partner with associated, like-minded organisations where much of our funding is derived from State and Federal Government funding programs.

Becoming a member of BCCA means that you are the first to know of any workshops, field days, training or funding relevant for you and your property.

As a potential member, we would like you to be aware that our organisation carries a public liability insurance policy worth \$20,000,000. This covers volunteer workers and members of our organisation.
